FrameworkLTC®

**& DocuTrack
& DELIVERYTRACK**
Your complete pharmacy document & delivery management solution.

Proven Integration

FrameworkLTC and DocuTrack have a long history of proven and stable integration at pharmacies across the country. This allows pharmacies to seamlessly associate documents such as prescriptions with patient records with the click of a button.

- Quickly and easily associate documents with the related activity in FrameworkLTC.
- Easy access of data between systems for reporting and data analytics.
- Seamless Interface with DeliveryTrack.
- Leverage DocuTrack Enterprise across multiple sites with FrameworkLTC.

“The greatest ‘value added’ component with Softwriters is the forward thinking...with persistent diligence for improvement and enhancement.”

- T.B., PharmD, TN
